NELLORE, India 524301

+91-9014320467   anilchalla0713@gmail.com   LinkedIn: http://www.linkedin.com/in/anil-reddy

A highly passionate and results-driven Frontend Developer with expertise in React.js, JavaScript, HTML, CSS, and Tailwind CSS. Eager to create seamless, user-friendly web experiences with clean, efficient code. A quick learner and problem-solver, always exploring new technologies to push boundaries. Ready to bring creativity, energy, and innovation to a dynamic team and make an immediate impact!

Skills

Core Technologies: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3

State Management: Redux, Redux Toolkit, Context API

UI Frameworks: Tailwind CSS, Bootstrap, Material UI, Styled Components

API Integration: RESTful APIs, Axios, Fetch API

Development Tools: Git, GitHub, VS Code, Npm/yarn

Performance: Lazy Loading

CI/CD: GitHub Actions, Netlify

PROJECTS

Task Management Platform

- **Technologies:** React.js, Redux Toolkit, Material UI
- Developed sophisticated employer/admin portal with complete CRUD functionality for task assignment workflows
- Implemented Redux state management architecture enabling real-time updates and seamless data flow
  Created intuitive, responsive interfaces that maintained performance integrity across desktop and mobile devices

E-commerce Website

- **Technologies:** React.js, Tailwind CSS
- Constructed feature-rich product catalog with advanced search, filtering, and recommendation capabilities
- Developed streamlined checkout process with integrated payment gateway and order tracking functionality
- Optimized application performance achieving 95+ Lighthouse performance scores on all critical pages

WeatherSnap Application

- **Technologies**: React.js, Tailwind CSS, OpenWeather API
- Created intuitive weather forecast application with location-based personalization and data visualization
- Integrated and optimized third-party API calls with efficient caching strategies for improved performance
- Designed responsive UI that elegantly displays complex meteorological data in user-friendly formats

INTERNSHIP

Front End Developer

Digital Edify, Hyderabad, India   *September 2024 - March 2025*

- **Designed and developed a complete HRMS project**, implementing key modules like **employee dashboard, attendance tracking, and leave management** using **React.js** and **Redux Toolkit**.
- Built **responsive and high-performance web interfaces**, ensuring seamless user experiences across devices.
- **Optimized application performance**, reducing load time by **40%** through efficient component design and strategic code improvements.
- **Collaborated in an Agile environment**, actively contributing to sprint planning, feature development, and on-time project delivery.

Education

Yogi Vemana University at Kadapa, India
B.Tech in Mechanical Engineering   July 2024

- Final Grade: 80 CGPA

Certifications

- Frontend development - **Digital Edify**
- JavaScript: Understanding the Weird Parts - **Udemy**
- Complete React Developer Course - **Udemy**
